

# Make your own Christmas Tree Cards

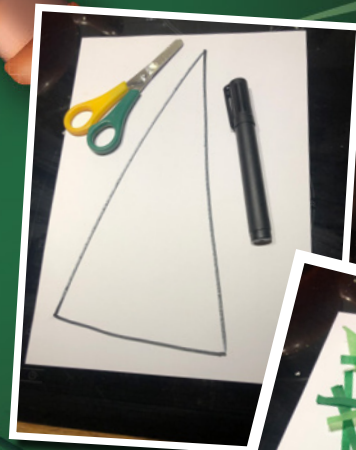

## What you need

- White paper
- Black card
- Anything green! Paint, crayons, felt tips, ribbon
- Corrugated card or cardboard
- Pva glue
- scissors

## Instructions

1. Decorate the white paper with your green things! Drawing or sticking them down. (Ask a grown up to help you cut the ribbon as it can be quite tricky)
2. When it is dry, turn over the white card and draw your Christmas Tree shape. You can fit quite a few triangles onto a sheet of A4 so nothing is wasted.
3. Fold your black card into the size you need
4. Stick your Christmas tree on the black card
5. Ask a grown up to help you cut out the bucket from cardboard and stick that on
6. Leave to dry then send them to people you love!

**TOP TIP**  
- the small ones are great for gift tags and then there is no waste!
